The Attacks Failed

Manitoba School Question and Dispatch of Troops Used Against Liberals.

The Conservatives Thought That in These They Had Strong Cards.

Montreal Star Says Sir Charles Tupper Has Bid Adieu to Political Life.

(Special to the Times.)

Ottawa, Nov. 9.—Mr. E. Berrier, minister of inland revenue, who returned today from Quebec, says that two issues of attack made against the government in that province were the Manitoba school question and the sending of troops to South Africa. The Conservatives asked the electors to condemn the government because of its school settlement and because Sir Wilfrid Laurier sent the contingents. The vote shows that Quebec endorsed the sending of the contingents, and the House being defeated, and Monnet and Bourassa's majorities being reduced.

The Will of the People.

(Associated Press.)
Toronto, Nov. 9.—The Mail and Empire's St. John, N. B., correspondent says: "Sir Charles and Sir Hilbert Tupper had a short conversation with Hon. G. E. Foster yesterday, during which the leader expressed a desire to consult friends before deciding his future course, but said he would prefer to retire from active politics and take a rest."

Mr. Foster is also understood to have expressed a desire to retire and enjoy the freedom of private life, if he can be allowed to do it, but expresses a willingness to lend a hand anywhere he can be of use.

Congratulating Sir Wilfrid.

More Heavy Fighting

Defeat of Boers, Who Lost Twenty-Three Killed and Thirty Wounded.

One Hundred Prisoners Were Taken and Seven of Their Guns Captured.

Three British Officers and Four Men Killed—Burghers Get Little Rest.

(Associated Press.)

Bothaville, Nov. 9.—There has been heavy fighting since November 6th, resulting in the defeat of the Boers, who lost 23 killed, 30 wounded and 100 taken prisoners. Seven of their guns were captured.

The British lost three officers and four men killed.

Giving Boers No Rest.

Pretoria, Nov. 9.—During the last few days only a few slight skirmishes have been reported.

The small Boer laagers west of here are being driven about the country, owing to the movements of Generals Clements and French.

The road to Rustenburg is almost clear of Boers.

The prisoners, officers and men, who are now captured in this vicinity, are being lodged in the bird cage which the Boers formerly used as a place of detention for captured British officers.

Because of slight discomfort caused by the recent rains, the Boer captives complain that the place is only fit for cattle.

Col. Edwards, late of the Imperial Light Horse, and now second in command of the Transvaal police, has been given charge of the western district, which includes Johannesburg, Pretoria, Krugersdorp and Rustenburg.

Blowing a Gale.

(Associated Press.)

New York, Nov. 9.—A severe storm began last night all over New York state, and continues to-day with the wind rising to a gale. It is also much colder than yesterday, and in Northern New York snow storms are reported.

On the coast the wind became so high that the marine observer in the Sandy Hook tower was forced to leave his post because the building swayed so much that he feared that it would collapse. Some time earlier in the day an unknown sloop, lying in the horseshoe inside Sandy Hook, dragged her anchor and was driven upon the beach. All telegraphic service out of New York was badly crippled by the storm, and telegraph and press dispatches moved very slowly.

BOUGHT THE AIRSHIP.

(Associated Press.)

New York, Nov. 9.—The German government has bought Count Zeppelin's airship for military purposes at a high price, says a General dispatch to the World. The ship is to be removed to Berlin shortly and further experiments will be carried on there. The Kaiser is interested in the invention. It is mainly through his influence that the purchase was made.

THE BRITANNIA MINE.

(Special to the Times.)

Vancouver, Nov. 9.—It is understood that the Scott Valentine syndicate has asked for extension of time to make the third payment of \$5,000 on the Britannia mine at Howe Sound. In the meantime a new syndicate of Victoria people and Americans is after the property with a large deposit now ready in the Bank of Montreal at Victoria.

ARBITRATION COURT.

(Associated Press.)

New York, Nov. 9.—A special dispatch to the Herald from the Hague says: "P. M. C. Asser, F. B. Coninck, Lieutenant Jonkhof, A. F. Desavergin, Louisman Jonkhof, and G. L. M. H. Ruyss De Beenenbronek have been appointed the Dutch members of the permanent arbitration court at the Hague."

AUSTRALIAN COMMONWEALTH.

Canadian Government Asked to Send Representative and Troops to Inaugural Ceremonies.

(Associated Press.)

Ottawa, Nov. 9.—The government has been asked to send a representative and also a contingent of troops to attend the inaugural ceremonies of the new Commonwealth in Australia next spring.

Only One of Crew Saved—Clung to Keel of Life Boat.

(Associated Press.)

Bristol, Eng., Nov. 9.—The steamer City of Vienna, from Dublin for Bristol, foundered on Wednesday night in St. George's Channel. Only one of the crew, a fireman, was saved. He clung to the keel of a life boat for twenty-seven hours.

The Guilty Chinese

Earl Li Says It Is Useless to Expect Court to Execute Them.

He Despairs of a Settlement of the Difficulties-Atrocities by Germans.

London, Nov. 9.—The Shanghai correspondent of the Daily Express, says: "Li Hung Chang telegraphs that he is despondent to expect the Chinese court to consent to the execution of Yu Hsien or Tung Fu Hsiang. He declares that it is equally vain to attempt to induce the powers to moderate their demands, and that therefore the court is preparing for a further flight to the province of Szechuan, with an imperial army of 14,000."

Vice-Admiral Sir Edward Hobart Seymour, K. C. B., in command of the China station since 1897, who is to be succeeded by Vice-Admiral Sir Henry Holdsworth Rawson, has been appointed a G. C. B. and Naval Captain Bales, T. Burke, Callahan and Jalisco have been appointed G. C. B.'s for service in China.

Reports of Atrocities.

Berlin, Nov. 8.—The papers continue to print letters from German soldiers in China, showing terrible atrocities committed by German troops. A letter printed to-day describes the capture of a certain village. "Bayonets were fixed to and our lieutenant was commanded to shoot down or bayonet everybody in sight. During the night many Chinese were killed, including a woman and child."

Count Cassini on Annexation.

Washington, Nov. 8.—Count Cassini, the Russian ambassador, said to-day, in regard to the reported annexation of territory in Tien Tsin by the Russian government, that he felt very sure no such step had been taken. A letter printed to-day describes the capture of a certain village. "Bayonets were fixed to and our lieutenant was commanded to shoot down or bayonet everybody in sight. During the night many Chinese were killed, including a woman and child."

Interesting Discovery.

St. Petersburg, Nov. 8.—Learned men of the city are planning an expedition to examine the immense number of manuscripts at Mukden discovered by Russian troops, among them being ancient Greek and Roman documents, supposed to have been taken by the Mongols on their retreat from the Occident. They are believed to be of great historical value.

BRYAN ON ELECTION.

Lincoln, Neb., Nov. 8.—Mr. Bryan tonight gave out the following statement concerning the election:

"The result was a surprise to me, and the magnitude of the Republican victory was a surprise to my opponents, as well as to those who voted my ticket. It is impossible to analyze the returns until they are more complete; but, speaking generally, we have gained in the larger cities, and have lost in the smaller cities and in the country."

"The Republicans were able to secure tickets in places for all their voters who were away from home, and this gave them considerable advantage. We have no way of knowing at this time how much money was spent in the purchase of votes and in colonization. But while these would account for some of the Republican gains, they would not account for the widespread increase in the Republican vote. The prosperity argument was probably the most potent one used by the Republicans. They compared present conditions with the panic times of '93 and '96, and this argument had wrought with those who did not stop to consider the reasons for the change. The appeal to stand by the president while the war is on had a great deal of influence upon those who did not realize that a war against a doctrine of self-government in the Philippines must react upon us in this country. We have made an honest fight upon an honest platform, and having done our duty as we saw it, we have nothing to regret."

"We were defeated, but not discouraged. The fight must go on. I am sure that the Republican policies will be repudiated by the people when the tendency of those policies is fully understood. The contest between plutocracy and democracy cannot end until one or the other is completely triumphant."

NEWFOUNDLAND ELECTION.

St. John's, Nfld., Nov. 8.—The polls have closed in all the districts throughout the island for the colonial general election to-day. No disorders have been reported, but intense excitement prevails. Both sides claim victory, but the betting odds are in favor of the Bond government.

Had Narrow Escape

Dewet Was Wounded in Fight With Knox's Force at Rensburg Drift.

Steyn Advises Boers to Continue Fight-Talks of Intervention by Germany.

Pretoria, Nov. 7.—According to surrendered burghers Mr. Steyn, after a council of war with Gen. Botha and Gen. Delarey, addressed the burghers with great passion, urging them to continue the war. He told them he was going south and hoped to return with 5,000 men, assuring them that he knew that Germany had delivered an ultimatum to Great Britain demanding the retrocession of the republics.

Dewet was Wounded.

Pretoria (undated).—By rail to Charlesburg, Natal, Nov. 7.—Gen. Dewet has been wounded in a leg in a fight with the troops of Gen. Knox at Rensburg Drift. According to active reports, the Boer commando narrowly escaped capture.

Mr. Courtney's Protest.

London, Nov. 9.—The Times this morning gives prominence to a two-column letter from Mr. Leonard Courtney, who represented the Bodmin division of Cornwall in the late parliament, protesting against the burning of buildings on farms of the burghers and other harsh measures adopted against the Boers.

Referring editorially to Mr. Courtney's argument, the Times justifies the measures taken by Lord Roberts as necessary, and as "no worse than the means employed by other European nations in similar circumstances."

RIOTS IN PORTO RICO.

San Juan, Porto Rico, Nov. 8.—Official returns of Tuesday's election from the various parts of the island show, as was anticipated and forecasted, the election by the Republicans of house delegates, and of Senator Federico Degetau as commissioner to congress. Only 151 federals went to the polls, the total Republican vote being 58,000.

The only disturbance reported occurred last evening, when some 25 Republicans of San Juan, who were celebrating the victory, visited Rio Piedras, a federal town. They were met on the outskirts by the federals with the mayor and police. Shots were exchanged and one person was killed and two wounded. There was some rioting in the town throughout the night. Police reinforcements were sent them this evening to prevent threatened disorders.

NOT A SURPRISE.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by Henderson Bros., Wholesale Agents, Victoria and Vancouver.

For Sweet Charity

Annual Ball Given Under the Auspices of the Women's Auxiliary.

Elaborate Decorations, Dainty Supper and Excellent Music Crown It With Success.

The most successful of the eleventh annual ball given under the auspices of the Women's Hospital Auxiliary was undoubtedly that held last night, when from 9 o'clock until late this morning the merry dance was prolonged to the delight of young and old.

The decorations surpassed those of any former year, the walls of the ball room having large mirrors embedded amongst the draperies and foliage. A squad of men from the ship had been busy for days in placing flags and bunting, kindly loaned by the officers of H. M. S. Warspite.

All the incandescent globes were draped with yellow paper, and the effect was very pretty, so many subdued lights setting off most effectively the many handsome costumes worn by the ladies.

The ball was under the patronage of His Honor the Lieutenant-Governor and Lady Joly de Lotbiniere, Admiral and Mrs. Beaumont, captains and officers of H. M. S. squadron, His Worship the Mayor and Mrs. Hayward, Captain and Mrs. Grant, and officers of the garrison, Col. Gregory and officers of Fifth Regiment.

The supper room, which was charmingly decorated was presided over by Mrs. B. Gordon, who was assisted by the following ladies: Mrs. Tilton, Mrs. F. D. Walker, Mrs. Prothero, Mrs. Bickford, Mrs. Kraft, Mrs. George Jay, Mrs. Hayes, Mrs. Russell, Mrs. Machin, Mrs. Dally, Mrs. Howell, Mrs. D. Schi, Mrs. Newton, Mrs. Becker, Miss Carrie Christie, Miss Carrie Austin, Miss Daisy Brooker, Miss Phyllis Green Miss Lowe, Miss Josephine Crease, Miss Turner and Mrs. Newcombe.

The following constituted the reception committee: Mrs. Rocks, Robert, Mrs. James Dunsinuir, Mrs. E. G. Prior, Mrs. Charles Hayward, Mrs. D. M. Eberts, Mrs. F. B. Pemberton, Mrs. Cuyler Holland and Mrs. A. W. Jones. The setting out rooms were arranged by Mrs. D. F. Burton, the Misses Pemberton, the Misses Dunsinuir, Prior and Loewen, Mrs. F. B. In a child that is backward in teething, look out for rickets. You can prevent any serious consequences by promptness.

The cause is poor nutrition, imperfect digestion of food, wrong food, poor food, bad air, low life.

You must stop it. Give Scott's emulsion of cod-liver oil to feed the bones. Now give him good food: the proper food for a child. It is a short job, and not a difficult one.

One Hundred and Twenty Scows Freight for Dawson Are Caught in the Ice.

Three New Steamers to Be Built For the White Horse-Dawson Run.

On the 31st ultimo, the thermometer at White Horse dropped to 17 below zero, navigation on the Dawson waterways had for some days been closed, and in the ice which had formed over the rivers between the points mentioned, 120 scows freighted heavily with merchandise of nearly every conceivable description were held. Their down in other words was sealed, and their imprisonment would mean to the owners a loss of many thousands of dollars. This will, of course, be borne by a big number of firms and private shippers, there being on the scows no doubt a considerable quantity of the freight sent as last shipments from Victoria for Dawson.

Meredith Potts, who brings the information from the North, reached here on Wednesday afternoon direct from White Horse. He came down on the steamer Dolphin, which left Skagway last Saturday, and which carried among other Victorians Miss Keefe, who was engaged at White Horse by the Canadian Development company during the past season, and H. G. Dalby, who has been at Skagway during the past month or two.

Mr. Potts has come south on business connected with the Klondike Trading and Transportation company, of which he has been the northern manager, and will be leaving for England shortly to attend a meeting of the directors of that corporation to be there held. As far as the Stewart river, he says, the ice is solid, while it was expected when the Dolphin left Skagway that the last contingent out from Atlin this year would reach the coast in time to connect with the C. P. N. steamer Amur, or with the P. C. steamer City of Topeka, the

former of which vessels is due here on Sunday or Monday. Skagwayans had already begun to feel the cold, and to indulge in skating and other winter sports when the Dolphin started south. It was an anxious voyage for many of the passengers down. They were good American citizens, and wanted to vote. They thud almost every mile of the distance, and made Seattle just 15 minutes before the polls closed in the Presidential election.

Mr. Potts is arranging for the construction of three first-class river boats for the Dawson-White Horse service, to be built either here or in Vancouver or New Westminster. They will be strictly passenger steamers, with accommodation for 75 people. They will have a draft of 14 inches, and will be very speedy. They will be 130 feet long with a beam of 27 feet. The vessels will be lighted with electricity throughout, and will be elegantly furnished. Each cabin will have its own bath room, and, generally speaking, will be modern in their every appointment. In an interview given the Skagwayan Alaskan Mr. Potts said:

"Our business in the North has increased so during the past season that the company have deemed it advisable to build three new steamers, and will aim to make them the swiftest and most commodious of the Upper Yukon fleet. The days when people will put up with anything are over, and now the best steamers get the traffic."

"Our boats will be faster than any now on the river, and will carry no freight. Barges capable of carrying 150 to 200 tons are to be built and will be towed down by the steamers. These barges will be brought back to White Horse by special steamer for that purpose."

"These boats are to be built knocked down in Victoria, and will be shipped to White Horse in sections. By building the boats below and shipping them in sections a great saving will be made in freight. They will be shipped north some time in March, and are estimated to cost \$50,000 each, laid down at White Horse. They will be put together in a few weeks, and will be ready when the river breaks up. The increase of business this last year came as a surprise to all."

"Last year the Ora carried a total of 305 passengers, this year she carried 1,900; the Flora carried 375 last year and 2,200 this; the Nora, which was in the lakes last year, and came through the White Horse rapids early in the sum-

mer, carried 2,100 passengers this summer. The first boat to reach Dawson last spring was the Flora. The Ora was the last boat to come up the river this fall, with the Flora just ahead of her. The tonnage this year is more than twice that of last year, and next year we look for even a more prosperous season."

Mr. Potts reports that the telegraph line between White Horse and Tanana has now been completed.

Another passenger on the Dolphin was Capt. Newcombe, of the steamer Catch, which, as is known, has been floated off.

TAKE A RECORD.

See How Many Friends Are Hurt by Coffee.

It would be just as reasonable for a temperance advocate to drink a little diluted whiskey as to drink coffee, for on is as truly an intoxicant as the other, and persistence in the use of coffee brings on a variety of chronic diseases, none among which are dyspepsia, heart palpitation (and ultimate heart failure), frequently constipation, kidney diseases, many cases of weak eyes and trembling condition of the nerves.

This is only a small percentage of the great variety of diseases which come from an unbalanced nervous system, caused by the persistent daily use of the drug caffeine, which is the active principle of coffee. Another bit of prima facie evidence about coffee is that the victims to the habit find great difficulty in giving it up.

They will solemnly pledge to themselves day after day that they will abandon the use of it when they know that it is shortening their days, but morning after morning they fail, until they grow to despise themselves for their lack of control.

Any one interested in this subject would be greatly surprised to make a systematic inquiry among prominent brain workers in America. There are hundreds of thousands of our most prominent people that have abandoned coffee altogether and are using Postum Food Coffee in its place, and for the most excellent reasons in the world. Many of them testify that ill health, nervous prostration, and consequent inability to work, in times past, pushed them back and out of their proper standing in life, which they have been able to regain by the use of good health strength and sea shipping equal to the best. It has been thrown out and the Postum put in its place.

the rocks, and is being made ready to come south. The Captain only remained a short time in Victoria before proceeding to Vancouver.

GRAU'S OPERA COMPANY.

Grau's Opera Company, which will begin a five nights' engagement, with Saturday matinee, at the Victoria theatre, commencing Monday, November 12th, will arrive from Seattle on Sunday morning, where they are now playing to the largest business ever known in the history of the Seattle theatre. The entire press of that city state that it is one of the finest organizations seen in Seattle in years. The productions Mr. Grau will present to Victoria theatregoers this season are the most gorgeous ever presented here. No one operative organization has so many novelties as the Grau Company, such as "Isle of Champagne," "Little Tycoon," "Patience," and "The Captain." The costumes are all new, the scenery the grandest ever seen here in comic opera, and the company the best Grau has ever had under his management. This will be the only appearance in Victoria of this favorite organization this season. Seats are now on sale, and there has been a steady demand for them all day.

B. C. ORE AT PARIS.

A Victoria Exhibit Receives Recognition at the Exposition.

Beaumont Boggs has received the following letter from the secretary of the Canadian commission at the Paris fair. The ore referred to was from the Victoria-Texas mine:

"I have much pleasure in order of the international jury at the Paris Universal Exhibition has awarded the Dominion of Canada for a collective exhibit of minerals, of which your exhibit of copper ore formed an important part, a Grand Prix Diplome."

AUG. DUPUIS, Secretary.

In Paris there is a small army of workers preparing human hair for the market. It is much more in demand by women than it is by the male population of the great city of fashion and frivolity. Bombay is an immense city, with land and sea shipping equal to the best. It has large commerce and trade and manufacturing interests. Its buildings are said to be the finest in India.

Dr. M. A. McLaughlin:

Dear Sir:—I am highly pleased with the result. I have found it all that you have promised. When it reached me I was all run down, as I was working both day and night, but after wearing it a few times the light brought back new life and vigor. I consider it a good thing. Yours truly,

TRAPPED BY A TIGER.

An awful experience with a tiger is reported by Mr. A. Turton in The Wide World Magazine.

"During a tiger hunt," says the writer, "I suddenly found my wrist seized in the jaws of the man-eater. He must have been only a few feet away when I was in the act of putting my arm round the back wall, and at that instant seized me."

"What could I do? It was useless struggling with the gigantic brute. The pain was absolutely excruciating as his great fangs crushed through the flesh and bones of my wrist. Scolding resistance futile, I stopped backwards from the plinth on the ground, yielding myself to the tiger, and realizing that the slightest struggle would result in instant death, and thus I walked at the side of the tiger with my wrist in his jaws."

"At the instant of the tiger seizing me I gave a shout to my friends. 'The tiger has got me. Help, for Heaven's sake.' It appears that they had grown tired of waiting, and were doing in long cane chairs, with their guns beside them. At my cry for help, however, they sprang up and rushed into the bungalow, closing the doors, being for the moment paralyzed with fear. Meanwhile, I was walking, under compulsion, at the side of this man-eater, every depression in the ground causing me agony as the brute's teeth jarred and wrenched the bones of my wrist. We had proceeded in this manner for some fifty yards when he seized a nullah, or dry water course, which formed a boundary between the bungalow compound and the tea bushes on the other side. In a flash I realized that if the monster once got me into this nullah I was doomed. I gave one heartrending shout, 'For God's sake, you fellows, come and help me.' This was enough for young Radcliffe. Without a moment's hesitation he burst through the back door, rifle in hand, and, by the way, he had affixed the bayonet—and rushed down to my rescue. The tiger had now brought me to the brink of the nullah, and I, now knowing that help was at hand—for Radcliffe had shouted, 'Hold on, I'm coming,' drew back as far as my strength and the agony I was suffering would permit, upon which the tiger turned deliberately round facing me, and raising himself up on his hind legs, placed his immense front paws on my shoulders, but never for one instant losing the grip he had on my wrist. I

exerted my whole strength to withstand the forward pressure of this heavy beast, till suddenly there was a flash, a loud report, and the tiger fell over, loosening the grip on me as he fell."

KIDNEY DISEASE AND BACKACHE.

Mr. Patrick J. McLaughlin, Beaumont, Que., states: "I was troubled with kidney disease and dyspepsia for 20 years and have been that bad I could not sleep at night and suffered terrible agony. I tried all sorts of medicines but got no relief until I began using Dr. Chase's Kidney-Liver Pills. They made a new man of me and the old troubles seem to be driven out of my system." One pill a dose, 25 cents a box.

SPREADS LIKE WILDFIRE.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bottles I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by F. W. Pawcett & Co., druggists.

The remains will be interred in Nicola cemetery on Monday. J. N. Moore came down from Kamloops a few days ago, and will start back with the remains to-night.

Captain Pybus, of the R. M. S. Empress of Japan, made his report to Collector Milne yesterday, explaining the cause of the ship's accident with the bark Abby Palmer, off the entrance to the Straits on Tuesday morning, as due to the latter not exhibiting a stern light.

He claims it is understood, that in passing the bark she veered about in such a manner as to swing her bow right into the steamship, the blow being felt in a descending manner, from the bark being light and riding on the crest of a big wave at the time. The bark has since arrived safely on the Sound. Just what her exact damages are is not known. Her bowsprit was, of course, carried away, and some of the superstructure missing. It has not developed yet what course the settlement of the case between the two ships will take. There has been no request for any inquiry, so far as known, and no claim for damages has been filed by either.

Steamer Boscowitz arrived from Northern British Columbia ports this morning, with the news that the steamer Monte Cristo, which plies on the Skeena river, is again reported ashore. She was considerably overdue at Simpson when the Boscowitz left, and her delay was ascribed to the accident occurring on the upper part of the river. The weather, the Boscowitz reports, has been very cold up north, several heavy snow storms of late having completely covered the ground. The steamer had seven or eight passengers on her down trip, these being miners from Princess Royal island who have come south for supplies. Preparations for a very active mining camp are in progress on the island, and several cottages are in course of erection for the accommodation of the men.

The Atlantic liner St. Paul on her arrival at New York on Sunday, is said to have been in a disabled condition. One of her engineers stated on arrival that the ship was struck by an unusually big sea, throwing the stern out of the water, and the propeller, having no resistance, made frightfully rapid revolutions, which caused the starboard engine to race, and the starboard shaft broke in two, and with the wheel, fell into the water. The amount of damage done is not surprising when you take into consideration the sudden liberation of a 10,000 horse-power engine. Four of the six cylinders are completely wrecked, two piston rods are bent, one connecting rod is bent, and the starboard engine shaft is sprung six inches. The starboard engine is wrecked beyond repair.

Steamship Queen Adelaide, of the N. P., will sail for China and Japan from the outer wharf this afternoon, where she is receiving 450 tons of salted salmon put up in cases on the Fraser, and being forwarded to Yokohama by the Japanese. Last year these Japs shipped 40 tons of this fish back to their native land, thus showing the growth of the industry.

The Australian steamer Olga, from South South Bay, Java, with sugar cargo, went ashore in a fog at the entrance of San Francisco harbor yesterday, and is reported in a dangerous condition. The Olga is a vessel of 2,055 tons.

A combine of several of the big American trans-Atlantic lines is reported, which will involve many millions of dollars. All the companies interested have not as yet been disclosed.

Steamer Williams was launched from Bullen's ways in the upper harbor yesterday, where she has been cleaned and painted.

The schooner Fisher Brothers, owned in Seattle and known all along the coast, has been wrecked on the Alaskan coast.

The Beaver liner Montford passed Cape Race at 5 o'clock this morning, inward bound from Liverpool.

THE POLICE COURT.

Saloon Row Ventilated This Morning—Couple of Drunks and Assault Case.

In the police court this morning Jos. Callan was charged with drunkenness and fined \$5 or ten days' hard labor. Frank Hall was charged with a similar offense. As it was not his first appearance for drunkenness, a fine of \$10 with the alternative of twenty days' hard labor was imposed.

Lon Hopkins, one of the demi monde, was called for assaulting another member of the lower stratum of society, Lou Hillgard, by pouring a bucketful of water on her yesterday afternoon. The accused did not appear, and a warrant was issued for her arrest.

Jack Hayes, formerly proprietor of the Louvre saloon, appeared on the charge of carrying a concealed weapon, and was fined \$12.50 or twenty-five days' imprisonment. It appears that the accused and a man named McTeigh were in the Regent saloon last night, and quarrelled over the election. During the dispute Hayes drew a revolver. To the police last night McTeigh said that Hayes pointed the weapon at him, but in court this morning could not remember the episode. When Sgt. Rodgrave arrested Hayes last night he also gathered in McTeigh for drunkenness, and the latter this morning was fined \$2.50 or five days.

THE STABBING AFFRAY.

Two Chinese Participants Recovering Speedily. Lively Time on Wednesday Evening.

Both the Chinese who were wounded in the cutting fracas in a Government street cabin on Wednesday evening are progressing favorably and will shortly be sufficiently recovered to give evidence in court when the matter is ventilated. The circumstances that led up to the raw are as yet not quite clear, the police having found it somewhat difficult to elicit a definite story from the principal witnesses of the affair. It appears that about 8 o'clock in the evening a couple of men from "A" Co., R. C. R., were passing the place when they heard a sound of scuffling inside, and they immediately endeavored to gain entrance. The door was locked, but the pair battered it in, and a remarkable scene met their gaze. On the floor was one of the Chinese, Young Tim by name, with a mob of excited counterpane mauling and beating him. The other leading figure in the stabbing affray, Ah Tim, was rolled up in a corner. The two white men stood over the prostrate Chinese to protect him from his assailants. Meanwhile the police were summoned and Constables Chay and Blackstock appeared on the scene, followed later by Chief Langley, and subsequently Sergeant Releive. Dr. Frank Hall was sent for, and after examining Ah Tim and Young Tim ordered them to the hospital. A third Chinaman was taken into custody on the charge of inciting the combatants. One theory is that the two wounded men quarrelled over the custody of a nephew, and becoming excited one drew a knife and proceeded to carve his antagonist, who retaliated to the best of his ability.

CONSTIPATION

Permanently Cured and all its Effects Removed by Burdock Blood Bitters.

If you've suffered from constipation for years, tried all the remedies you ever heard of read of, without getting more than the relief the one dose of the medicine afforded—if you've been subject to all the miseries associated with constipation, such as sick headache, nausea, biliousness, pimples, eruptions, blood humors, blotches, piles, etc., wouldn't you consider it a blessing to be cured of your constipation so that it would stay cured?

Burdock Blood Bitters can cure you—cure so that the cure will be permanent. It has done so in thousands of cases during the past twenty years. Just one statement to prove what we say is right.

Mrs. G. Gasby, Portage La Prairie, Man., writes: "For over two years I was troubled with sick headache and constipation. I tried many different pills and patent medicines, but they only gave me slight, temporary relief."

"A lady friend of mine induced me to try Burdock Blood Bitters, and sent me half a bottle of it to start with. I derived so much benefit from that that I continued to use it, and took in all three bottles, which completely cured me."

"That was ten months ago, and as my health has been splendid ever since I have only my kind friend to thank who advised me to take B.B.B."
